

About our Volunteer program

“We are all volunteers!” The GBP RESCUE MISSION was formed on that very sentence! Every person has a special quality that they bring to the table, and we want to know what yours is! We are a new upbeat organization and we are growing daily.

Want to help

We are actively looking for nice, happy, collaborative people with great attitudes to join our team! People that can troubleshoot, problem solve and communicate well. If you feel you are a good match here, we would love to have you! Don't worry if you don't have a specific task in mind, we can talk it through and find a great volunteer position for you! The more the merrier here!

Recruiting Volunteers
